OUR NEW INTRODUCTIONS FOR 1957

SHOWBOAT—Formal Decorative. Purest white. This is the white seedling of Mr. N. Burrell that scored 85.5 at the California Trial Gardens 2 years ago. It is truly a magnificent variety that is as valuable for exhibition purposes as for garden performance. Five perfect blooms on one plant at the same time in our garden this fall all measured over 12 inches. Mr. Burrell has won with it as largest bloom in the show with blooms measuring more than 14 inches. It has remarkable substance, the texture of the petals reminds one of a lily, so that it is not damaged by heat and is as good in the summer as in the fall, which is not the case with all white dahlias. Most pleasing formation and well-placed stem. The plant is vigorous and may need some thinning out as it is a prolific grower. On Mr. Lynn B. Dudley's 1957 Roll of Honor in Flower Grower. Strong Divisions.....**\$15.00 Net**

TIJUANA—Informal Decorative. Deep rose suffused tan and boldly tipped white. One of the largest bi-colors and one that never shows a petal that is not definitely tipped. Visitors seemed to consider this the most spectacular variety of them all. First flower on the plant may be short-stemmed and rather coarse and this bud should be pinched out. Many excellent blooms will follow for a long period and produce a riot of color. Our descriptions refer mostly to our garden experience. We do not agree with some who think large dahlias are for exhibition only. Our best customers seem to be people who want a long season of colorful garden display and of course some for house decoration too. Strong Division **\$15.00 Net**

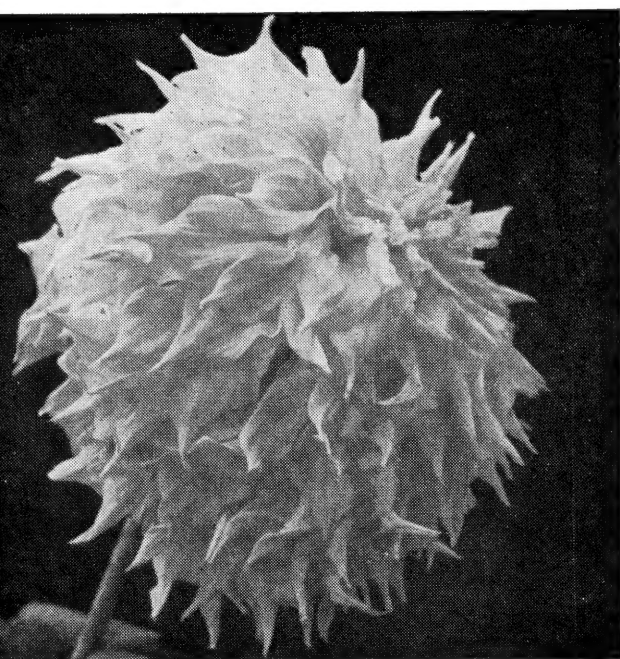

OUR 1956 INTRODUCTIONS

LAS LAURELES—Semi-cactus. Lively salmon pink lightly suffused pale gold. Because of its free blooming habit on long stems and good keeping qualities, it is very useful for cutting in quantity. The tall plants are also impressive in the garden. A conservative estimate of the size of the bloom is about 12x7. Honor Roll.....**\$10.00**

ROSARIO—Formal Decorative. Clear true lavender throughout the flower but shading to white at the base of the petals. Good lavender dahlias in recent years have been uncommon and this one is large, well formed and has good growing habits. We have already received some good reports on its performance in distant places.....**\$10.00**

HAND POLLENIZED DAHLIA SEEDS—Mixed large only.....**\$10.00 per 100 Net**

BARGAIN ROOT COLLECTIONS—May Delivery.....**\$10.00 per dozen Net**

SEQUOIA
